

Your own Holiday Home between

Angouleme & Limoges

In France, for £27,500 (delivered and installed)

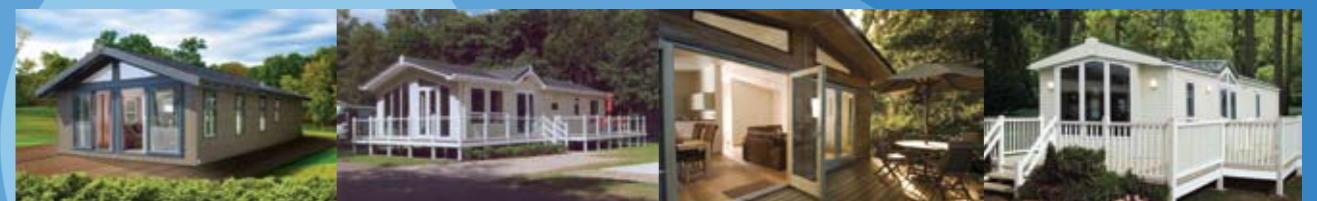

Immaculately presented, the Camping des Lacs is a beautiful park on the Charente / Dordogne border, between Angouleme and Limoges. This is the perfect location for people seeking a second home in France away from the hustle and bustle of the coast where traffic, higher annual rents and parks with discotheques and quite a lot of noise are the norm. Access from the U.K. is excellent with regular flights into Limoges and Angouleme (both only an hour away) and less than 6 hours drive from both Caen and St Malo.

It has so much to offer including large plots (many with lake views), heated indoor and outdoor swimming pool, two restaurants, an enormous lake ideal for fishing, a private beach and water sports (including sailing and canoeing). Two golf courses and horse riding are also close at hand. The park was completely renovated only 12 months ago so facilities are very modern. The annual rent of between 2000 – 3000 euro subject to your plot size is also very reasonable. Large british manufactured holiday homes are currently available at £27,500. Each home is well equipped, the price includes delivery and installation. Some lake view plots are still available!

For more information on Camping des Lacs and the holiday homes please contact James Thew at SkyBlue Leisure Homes.
